

A Living Sacrifice

(In light of the Old Testament sacrificial system)

Our Speaker this Spring will be Albert Cook.

Therefore I urge you, brothers and sisters, by the mercies of God, to present your bodies as a living and holy sacrifice, acceptable to God, which is your spiritual service of worship. And do not be conformed to this world, but be transformed by the renewing of your mind, so that you may prove what the will of God is, that which is good and acceptable and perfect. [Romans 12:1-2]

"I have chosen to speak on the topic of the sacrifice system of the Old Testament and how it relates to our spiritual lives today in Christ, how it helps us to understand what the Apostle Paul means when he says: "Present your bodies as a living sacrifice." With the help of God, his Word and Spirit, we're going to blur the lines between the physical and the spiritual and see how God can bring heaven and earth closer together in our lives. We'll confront our human and material limitations and explore how God can bring supernatural things about in our lives!"

Albert is an American-Romanian and has served as a missionary in Romania for 23 years. He is married to Lavinia and they have 2 children, Bogdan (18) and Lara (16). Albert was born and raised in Texas and Oklahoma. He earned degrees in Biblical Languages and Theology from Harding University, a masters in Church History and doctoral degree in hermeneutics from the School of Eastern Orthodox Theology, University of Bucharest. He is a swimmer, a fermentista and likes to build things.
